

Notice on 2026 Chinese Government Scholarship Annual Review

Dear all Chinese Government Scholarship students:

The 2026 annual review for Chinese Government Scholarship students is about to begin.

The annual review is a comprehensive evaluation of international students who receive the Chinese Government Scholarships while studying at our university, assessing aspects such as moral conduct, academic performance, attitude towards study/research and participation in extracurricular activities etc.

The results of the annual review will determine whether the scholarship student is eligible to continue their Chinese Government Scholarship next year.

I. Students Eligible for Evaluation

1. Students who continue to receive Chinese Government Scholarships after September 2026;

2. Students unable to graduate as planned in July 2026 and intend to apply for an extension (In principle, only doctoral students are eligible; specific requirements will be notified separately.);

3. Students whose scholarship assessments were deemed unsuccessful in 2025 resulting in suspension of their scholarship;

4. Graduating students of the class 2026 (in July) do not need to participate in this assessment.

II. Review Content and Feedbacks

1. The school will assess each student based on four aspects for the academic year 2025/2026: the student's moral conduct (30 points), academic performance (30 points, including the grades and assessments in the first semester of the 2025/2026 academic year, and the general learning situation in the second semester), attitude towards study/research (20 points) and participation in extracurricular activities (20 points). This assessment involves both quantitative scoring and qualitative evaluation.

2. The full score is 100 points, and students with a total score of 60 points and above will be considered as passing.

3. The evaluation opinions are divided into "pass" or "fail". For students who receive "fail", the school will submit feedbacks to the China Scholarship Committee to either suspend or cancel the scholarship.

III. Assessment Criteria

1. Students meeting any of the following conditions will have their scholarship suspended for one year:

a) After the evaluation by the school, the total score is below 60 points;

b) Repeating a grade or being demoted due to failing grades or unsatisfactory performance from the previous academic year;

c) Failing to achieve the required course credit for two consecutive years;

d) Disciplinary actions due to violation of school regulations.

Those whose eligibility for the Chinese Government Scholarship is suspended will have their scholarship suspended

starting from the next academic year, but they may apply to continue their studies at their own expense according to relevant school regulations. Before the end of the suspension period, upon the students' request, they may participate in the annual review of the current year. If the evaluation is passed and approved by the CSC Scholarship Council, the scholarship can be resumed starting from the next academic year.

2. Students meeting any of the following conditions will have their eligibility for the Chinese Government Scholarship canceled:

- a) Expulsion or dismissal from the school;
- b) Failing to pass the annual review twice during the academic period;
- c) Failing to participate in the annual review without valid reasons;
- d) Other adverse circumstances.

Those whose eligibility for the Chinese Government Scholarship is canceled will have their scholarship suspended from the date of announcement, and their eligibility for the scholarship will not be reinstated.
