

Cologne Summer School on Challenges and Opportunities for a Multilingual Society – Movement, Migration, Languages, Psychology, and Education

Cologne, December 5, 2017

Dear Partners,

On behalf of Dr. Bildhauer, Head of the International Office, the Dean of the Faculty of Arts and Humanities, Prof. Dr. Monika Schausten, and the academic head of this year's program, Prof. Dr. Christiane Bongartz, we would like to inform you about the following Cologne Summer Schools program:

“Cologne Summer School on Challenges and Opportunities for a Multilingual Society – Movement, Migration, Languages, Psychology, and Education”

from July 23 to August 10, 2018

at the University of Cologne

This summer academy is designed for Bachelor's students in their last semester and early-stage Master's students participating in any study program in the Humanities and in Teacher Education. The course will focus on various aspects of a multilingual society. Details on the different topics can be found on the information sheet.

The language of instruction will be English and 6 ECTS credit points will be granted for a successful participation in the summer course.

Those students who will be preselected by your university (International Office or respective Department Coordinator) and chosen by the selection committee of the University of Cologne **will not** have to pay **any tuition fees** (grant covered by *Santander Universitäten*). Only travel costs to Germany, visa fees, insurance plan, and board have to be covered by the participants themselves.

We would be very grateful if you could inform your students about the program with the help of the attached information sheet.

Further, we very much appreciate your help by choosing three qualified candidates out of all interested students of your university. The preselected students' names and study courses have to be sent to Victoria Busch via Email by **March 15, 2018**. Afterwards, these students will be eligible to apply via an online application form.

The application deadline for your students is Saturday, **March 31, 2018**.

Further information on the program will be published on the Cologne Summer Schools website at: www.colognesummerschools.uni-koeln.de in the beginning of 2018.

We are looking forward to receiving the applications of 3 qualified students and to becoming their host partner university next summer!

Please do not hesitate to contact us with any questions that may occur.

Sincerely yours,

p.p. Victoria Busch, M. A.
