

Young Leaders Program

Environment and Sustainable Development

20 January – 02 February 2019, Sydney, Australia

The University of Sydney

We are Australia's first university, with a history of leading new thinking and welcoming people from all social and cultural backgrounds for more than 160 years. We offer the widest range of academic programs of any university in Australia and we are a member of the Group of Eight network of leading Australian research universities. Our main campus is also recognised as one of the most beautiful in the world.

Since our inception, we have believed in education for all and leadership that makes lives better. Our alumni have inspired, led, entertained, challenged and improved the world around them. We have produced six prime ministers, two Nobel Laureates, three astronauts, 110 Rhodes scholars, one Pulitzer Prize winner and 145 Olympic athletes.

Young Leaders Program: Environment and Sustainable Development

The Young Leaders Program aims to help the next generation of leaders achieve their potential. It is managed by the International Leaders Program team at the University's Office of Global Engagement.

The Environment and Sustainable Development Program is a customised non-award academic course with a focus on some of the most critical issues in environment and sustainable development in Australia and the world.

The program is delivered as a combination of lectures, seminars, group work and educational trips. It draws on the knowledge of experts from the University, industry and government agencies to provide students with a wide ranging perspective.

In addition, students will learn about Australian culture, enhance their intercultural awareness and develop leadership skills. Students will also be able to interact with academics, industry experts and the community throughout the program.

Program duration

20 January – 2 February 2019

- 20 January: arrive in Sydney
- 21 January: program starts
- 01 February: program ends
- 02 February: depart Sydney

Participants

University students from any academic area, at any level of study with a strong interest in environment and sustainability are welcome to apply.

The program will be taught entirely in English, therefore an adequate English language ability including listening and speaking is essential.

Participants will have the opportunity to study alongside students from other leading Chinese universities.

Application

Application should be made to each participant's home university. Please contact your university's officer-in-charge for details.

Application closes on **02 November 2018**.

Note: We will contact you via email. Please ensure that all your contact details are up-to-date and accurate.

Program fee

The program fee of **\$3,680 in Australia dollars per student** covers:

- tuition fees
- field trips
- 13 nights from 20 January to 02 February 2019
Twin en-suite room (with private bathroom) in a fully furnished student apartment block, inclusive of linen, kitchen packs, internet and all utilities.
- airport group pick-up on 20 January and transfer on 02 February
Students who are not able to meet the group pick up and transfer time will need to make their own travel arrangements to the accommodation. Travel instructions will be provided.
- Opal card for Sydney public transport with a pre-loading of \$10
- welcome and farewell lunches
- Certificate of Attendance and Program Assessment Report (transcript) upon successful completion

Online payment

You may use The University of Sydney's online payment system to pay program fee. You will receive a payment link via email upon confirmation of your participation.

Visa or MasterCard can be used for online payment. All payments will be made in Australian Dollars.
