

Registration and Visa Reservation for Spring Semester 2026

To ensure the orderly processing of international student visas, the centralized visa application for international students in Spring Semester 2026 will adopt an “online appointment, in-person processing” approach. Students are required to complete their online appointments in advance and arrive at the designated location during their scheduled time slot for in-person processing.

I. Appointment & Processing Information

Processing Period: February 24 to February 28, 2026

Processing Location: Fudan University International Students Service Center
(4th Floor, East Main Building, Guanghua Tower, Handan Campus)

Appointment Start Date: 12:00 Noon, Beijing Time, February 14, 2026

II. How to Make an Appointment

Please scan the QR code below with WeChat to access the mini-program appointment channel. After entering the mini-program, please select your check-in date and time slot (each person may reserve only one time slot) and fill in your information. If the reservation system indicates that no slots are available, it means that all slots for that day are fully booked. Please select another date.

III. Important Notes

1. Please arrive according to your scheduled appointment time slot.
2. Please register and activate a valid Chinese mobile phone number.
3. Please purchase international student insurance before arriving in China (purchase at <https://lxbx.net>) and present proof of coverage to our staff during registration. The insurance must cover the entire duration of your studies.
4. Please bring your admission notice, JW/DQ form, passport, and other required documents.
5. If you are unable to complete the online appointment due to equipment or network issues, you may contact our staff on-site.
