## TOPICS

- Week 1: Climate change, Governance, Intercultural Communication
- Week 2: Artificial Intelligence, Western Political Thoughts, Linguistic Politeness and Rapport Management
- Week 3: Fair Society, Social justice and economic reform, Leadership and Self Presentation

## LSE100

- LSE100 course is LSE's flagship interdisciplinary course for undergraduate students
- Designed to broaden and deepen students' engagement with social scientific analysis
- Uses pressing social issues as case studies for exploration of the ways different theories, methods and evidence can shape our understanding of events and phenomena
